

Granby Swap Shop

Swap Shop Policy

All items dropped off will be charged per the transfer station fee schedule.

The Swap Shop encourages the reuse of items and helps to keep useful items out of the waste stream. All items are free and you do not need to bring an item to take one. Drop off fees will apply as any items not taken in a reasonable time period will be disposed of appropriately.

Hours

Open during Transfer Station hours of operation

Guidelines

All items must be approved by Transfer Station attendants before being placed in the Swap Shop. Items that are not approved must be placed in the appropriate dumpster. Please respect the decision of the attendants who strive to keep the shop organized and accessible.

Items not taken after a specified period will be disposed of by the appropriate method.

Acceptable items

Items must be complete, unbroken, in good working condition and reasonably clean. A good guideline: Would you bring the item into your home in its current condition?
