## MESSAGE FROM TOWN MANAGER

Dear Granby Residents -

As you may recall, the Town of Granby annually produced a total of three program guides that were mailed to all Granby homes in the fall, spring, and summer. The primary focus of each guide was to provide a place where residents could see the myriad programs available from the Library, Parks & Recreation, and Senior Services. While the information presented was priceless, the guides were labor intensive to create, and costly to print and mail.

In order to address this, the Town has revised the program guide process and now will produce two guides per year, one in the Fall and one in the Spring. And while our focus is still on sharing program offerings for you to enjoy, we've also expanded the guide to include important information on other Town departments.

With this updated edition of the program guide, we hope we've landed on a place where you can get the same information as always, and can also use it to be introduced to many additional services provided by Town departments. We'll still link these guides into our social media, so the information will also be available online. And because we've reduced the program issuance to twice a year, we're able to save some budget money as well.

As you view the new program guide, if you have any questions or thoughts about making it better, please give me a call at 860-844-5302 or send me and email at [MWalsh@Granby-CT.gov](mailto:MWalsh@Granby-CT.gov).

## ONLINE BUILDING PERMIT SYSTEM

The Building Department has launched an online building permit system! Residents and contractors can now submit online using City Squared and track the status of a submitted permit. The link to City Squared is on the Building Department's webpage:  
[www.granby-ct.gov/169/Building-Zoning-Enforcement](http://www.granby-ct.gov/169/Building-Zoning-Enforcement).

If you have not used City Squared previously, you will need to register first in order to complete an online application. Once you open the City Squared home page, the registration option is found in the upper right-hand corner. If submitting a building permit online, you will have the option to pay by credit card. Please note that there is a convenience fee charged. If you prefer to pay by cash or check, payment can still be submitted directly to the Building Department.

While the online system has been launched, the Building Department will continue to accept hard copies of building permit applications. The application form is posted on the Building Department webpage and can be printed, completed, and submitted by mail or dropped off in person. The application form is also available in the Building Department in Town Hall.
