

Living a life with

# ZERO WASTE

The Granby Conservation Commission has worked with Blue Earth to add residents in the Town of Granby to its residential composting program.

## SIGN UP

Residents can voluntarily sign up for the program on the Blue Earth website at this [link](#).

Blue Earth requires a minimum of 50 households subscribing.

## CHOOSE YOUR SERVICE OPTION

Residents can choose from weekly or bi-weekly pickup plans, and pay every month, six months, or year.

No contracts: Plans can be changed at any time.

## TRY IT OUT - FREE

Blue Earth offers a two week free trial, with no commitment necessary.

Test out their compost pail starter pack and see how much compost you actually make.

## COMPOST YOUR FOOD SCRAPS:

- Meat and bones
- Eggs and dairy
- Breads and cereals
- Shellfish and seafood
- Fruits and vegetables
- Coffee grounds, filters and tea bags
- Food soiled paper
- Plants and herbs
- Incidental oils and fats

## ENJOY!

Subscribing with Blue Earth to compost your scraps will get you 3 bags of finished compost per year. Use this in your garden to keep new and old plants happy!

## LET'S MAKE A GREENER WORLD
