BUDGET WORKSHOP MINUTES
MARCH 17, 2022

First Selectman Fiorentino called the meeting to order at 6:00 p.m.

PRESENT: First Selectman Mark Fiorentino, Sally King, Fred Moffa, Mark Neumann, Kelly Rome, and Town Manager Erica Robertson

Also present: Kimi Cheng, Director of Finance, Mike Guarco, Board of Finance Chairman, William Kennedy, Board of Finance

PLEDGE OF ALLEGIANCE

First Selectman Mark Fiorentino asked for a moment of silence in memory of former Town Manager John Ward on this one-year anniversary of his passing.

Town Manager Erica Robertson reviewed the Administration section of the budget:

- Overall Administration section total is up 5.50%.
- The 36% increase in Temp/Part-Time is the result of the increases in minimum wage and the hours in the Human Resources position.
- The Town Manager would like to obtain an intern through UConn's Graduate Program of Public Policy. The cost would be $16,500 for 15 hours per week for 39 weeks from late August to the end of May.
- Legal fees have remained consistent over the past few years.
- Fringe Benefits include health insurance, life insurance, pension obligations, long-term disability policy, FICA/Medicare taxes, etc. and shows an overall increase of 3.80%. The highest dollar increase is due to the expected health insurance renewal.

Town Clerk Karen Hazen noted the Town Clerk budget shows an overall increase of 3.14% mostly due to contractual obligations. In addition to being the registrar of vital records, some other duties and responsibilities of the office include:

- Maintaining and providing access to public records
- Recording and indexing documents and survey maps
- Issuing various licenses and permits
- Administering oaths of office to local elected and appointed officials
- Preparing list of candidates and offices to be filled for upcoming elections
- Preparing and issuing absentee ballots
- Preparing and posting legal notices

E. Robertson reviewed Probate which is a regional office encompassing the Towns of Avon, Canton, Granby and Simsbury. Granby's operating cost share is $4,241.

E. Robertson reviewed Contingency and Reserve which funds minor unforeseen expenses and is proposing $65,000 for miscellaneous expenses and $35,300 for Kearns.

Laura Wolfe, Registrar of Voters, reviewed the duties and responsibilities of the Registrar's Office, noting it is becoming increasingly more difficult to run elections strictly with volunteers.
She would like to see funding in their overall budget to include payroll for their deputies and assistants, as well as the full cost of elections.

E. Robertson reviewed Boards, Regional Programs and Staff Development and stressed how vital they are to the Town.

K. Cheng reviewed Revenue Collections indicating there is not a lot of change, mostly payroll and software applications. The total increase is 1.64%.

Town Assessor Sue Altieri reported the department’s responsibilities are to list and value all classes of real and personal property. The last revaluation was in 2017. An increase in regular payroll is due to contractual obligations and Contract and Maintenance Services shows an increase in mapping. The overall increase is 7.36%.

Director of Finance K. Cheng reviewed the responsibilities of Finance:

- File for Grant Applications
- Annual Comprehensive Financial Report
- Workers Compensation audit
- State and Federal audit
- Budget books
- Budget flyers to residents
- Monitor cash flow
- Payroll and AP for the Town
- Reconcile bank accounts
- Pension and benefits

The overall increase for the Finance Department is 12.15%.

E. Robertson reviewed Insurances indicating an increase in the Business Packages with CIRMA and a slight decrease in Workers’ Compensation. Overall, the increase is 1.25%.

Director of Community Development Abby Kenyon explained the department’s function is to administer the Town’s overall land use and development process from application submission through certificate of occupancy. In addition, the department administers the Town’s Housing Rehabilitation Program, prepares and administers grants, handles all GIS mapping inquiries and needs and manages special projects as needed. One change in the budget is a new line item for Temporary/Part-Time to cover for the Director while she is out for maternity leave. The overall increase is 30.33%.

Planning and Engineering Services also discussed by A. Kenyon, covers the Wetlands Agent and Town Engineer that fall under the Department of Public Works budget and provide services to Community Development.

E. Robertson reviewed Human Resources noting she would like to increase the position from ten hours a week to 20. Although the position could possibly be shared with the Board of Education, it is felt someone is needed on staff for the town operations.
E. Robertson reviewed Technology, asking for $15,000 for a shared part-time position with the Board of Education to manage and update the Town’s webpage and social media platforms, as well as setting up and managing virtual meetings and marketing the Town.

E. Robertson noted there is not a lot of significant change in the Debt Service Budget. Debt premiums were reviewed. Principal and interest plus service fees are budgeted at $1,742,393, a 5.9% increase from last year.

E. Robertson reviewed overall Revenues, reporting intergovernmental revenues are received from State and Federal Grants as well as other governmental units. There are no significant changes in expected revenues for next year.

ON A MOTION by M. Neumann, seconded by F. Moffa, the Board voted unanimously(5-0-0) to adjourn at 8:27 p.m.

TOWN OF GRANBY

MEMORANDUM

TO: Granby Water Pollution Control Authority

FROM: Erica Robertson, Town Manager

REGARDING: VI. BUSINESS – ITEM A
Consideration of Sewer Allocation for Granby Memorial High School, 315 Salmon Brook Street—BOS to convene as the Granby Water Pollution Control Authority (GWPCA)

A new kitchen was designed for Granby High School, 315 Salmon Brook Street. The project includes a new full cooking kitchen supplied from the existing water service to the high school. Due to the kitchen improvements, an increase in sewer allocation is requested. The design engineer estimated the additional load will be 2,250 gallons per day. The Town Engineer reviewed the request and has determined the allocation request is sufficient for the project and furthermore, there is capacity to accommodate the request.

Under our agreement with the Town of Simsbury, the Town of Granby currently has 380,000 gallons per day available; 260,435 gallons per day have been allocated so far. If this allocation is approved, 117,315 gallons per day would remain. This would still allow for future connections along the sewer line for commercial, industrial, and residential developments.

If the Granby Water Pollution Control Authority is in agreement, approval of the sewer allocation for the high school is requested.

Proposed Motions:

Move to recess as the Board of Selectmen and convene as the Granby Water Pollution Control Authority.

Move to approve a sewer allocation increase of 2,250 gallons per day for Granby Memorial High School, 315 Salmon Brook Street.

Move to adjourn as the GWPCA and reconvene as the Board of Selectmen.
TOWN OF GRANBY

MEMORANDUM

DATE: April 4, 2022

TO: Board of Selectmen

FROM: Erica Robertson, Town Manager

REGARDING: VI. BUSINESS ITEM B – Consideration of Non-Emergency Communications Improvement Plan

As you know, we are currently working on strategic plan goals as well as wrapping up the FY 23 budget. You have seen in the budget proposal that we are focusing on funding technology. We want to begin working to ensure that Granby makes a concerted effort to increase our non-emergency communications capability. In 2022 communication tools generally rely on technology. We live in an age of almost immediate information flow; Granby needs to be able to keep up with this expectation as best we can.

Next Steps
This agenda item is intended to start the conversation on how we prioritize and create a non-emergency communications improvement plan. We would like to start this process now and not wait until the budget, ARPA priorities, and the strategic goal planning processes conclude.

We have outlined 5 areas for initial review, consideration, and possible action:

1. Update Town website
   - Make it easier to find information
   - Remove inconsistencies
   - Improve link to Board of Education website, especially to agenda page
   - Increase “news” capacity
   - Ensure consistent posting policies

2. Improve remote access to meetings
   - Improve technology at Town Hall meeting room and Senior Center main conference room
   - Improve quality of broadcasts
   - Increase capacity to record and post meetings

3. Enhance opt-in program(s) for telephone/email/text notifications of important information
4. Increase utilization of Town Facebook page
5. Explore other social media options

PROPOSED MOTION: To direct the Town Manager to begin work on a non-emergency communications improvement plan.
TO: Board of Selectmen

FROM: Erica Robertson, Town Manager

REGARDING: VI. BUSINESS – ITEM C
Consideration of Resolution and Compliance Statement and Policies Supporting Fair Housing

As a recipient of Small Cities, Community Development Block Grant funding, it is a Connecticut Department of Housing Program recipient requirement that Granby actively evidence its commitment to and take specific actions to support the principles and practices of Fair Housing and Equal Opportunity.

As background information, the town received its first Small Cities Funding Grant in 1990 and has been participating ever since. April is designated as Fair Housing Month and as such, is an ideal time for the Town of Granby to reaffirm its commitment to Fair Housing and Equal Opportunity. The Granby Community Development Department will be undertaking a variety of measures to demonstrate such commitment and asks that the Board of Selectmen adopt the following Resolution, Statements, and Policies to further demonstrate the town’s overall commitment to Fair Housing and Equal Opportunity.

In an effort to reaffirm the town’s commitment to fair housing and equal opportunity, I recommend that the Board of Selectmen re-adopt the following Fair Housing Resolution, Fair Housing Policy Statement, Compliance with the Title VI of the Civil Rights Act of 1964, Affirmative Action Policy Statement, Municipal Grievance Procedure, and ADA Notice, as shown below:

**Fair Housing Resolution**

Whereas, All persons are afforded a right to full and equal housing opportunities in the neighborhood of their choice; and

Whereas, Federal fair housing laws require that all individuals, regardless of race, color, religion, sex, handicap, familial status or national origin, be given equal access to all housing-related opportunities, including rental and homeownership opportunities, and be allowed to make free choices regarding housing location; and

Whereas, Connecticut fair housing laws require that all individuals, regardless of race, creed, color, national origin, ancestry, sex, marital status, age, lawful source of income, familial status, learning disability, physical or mental disability, sexual orientation, or gender identity or expression be given equal access to all housing-related opportunities, including rental and home ownership opportunities, and be allowed to make free choices regarding housing location; and
Whereas, The Town of Granby is committed to upholding these laws, and realizes that these laws must be supplemented by an Affirmative Statement publicly endorsing the right of all people to full and equal housing opportunities in the neighborhood of their choice.

NOW THEREFORE, BE IT RESOLVED, That the Town of Granby hereby endorses a Fair Housing Policy to ensure equal opportunity for all persons to rent, purchase, obtain financing and enjoy all other housing-related services of their choice on a non-discriminatory basis as provided by state and federal law; and

BE IT FURTHER RESOLVED, That the chief executive officer of the Town of Granby or his/her designated representative is responsible for responding to and assisting any person who alleges to be the victim of an illegal discriminatory housing practice in the Town of Granby and for advising such person of the right to file a complaint with the State of Connecticut Commission on Human Rights and Opportunities (CHRO) or the U.S. Department of Housing and Urban Development (HUD) or to seek assistance from the CT Fair Housing Center, legal services, or other fair housing organizations to protect his or her right to equal housing opportunities.

Fair Housing Policy Statement

It is the policy of the Town of Granby to promote fair housing opportunities and to encourage racial and economic integration in all its programs and housing development activities.

Programs funded and administered by the Town of Granby must comply with the provisions of Section 46a-64c of the C.G.S., and with related state and federal laws and regulations that prohibit discriminatory housing practices.

The Town of Granby or any of sub-recipient of the Town of Granby will carry out an affirmative marketing program to attract prospective buyers or tenants of all majority or minority groups, without consideration of race, color, religion, sex, national origin, ancestry, creed, sexual orientation, gender identity or expression, marital status, lawful source of income, disability, age or because the individual has children in all programs and housing development activities funded or administered by the Town of Granby.

The Municipality's Department of Community Development is responsible for the enforcement and implementation of this policy. The Director of Community Development, Abigail St. Peter Kenyon, may be reached at (860) 844-5319 or akenyon@granby-ct.gov.

A complaint may be filed with HUD within one year after an alleged violation. Additionally, an individual may file suit, at his/her expense, in Federal District Court or State Court within two years of an alleged violation. If the individual cannot afford an attorney, the Court may appoint one. A suit can be brought even after filing a complaint, if the complaining party has not signed a conciliation agreement and an Administrative Law Judge has not started a hearing. A court may award actual and punitive damages and attorney's fees and costs.
A copy of this policy statement will be given annually to all Town of Granby employees and they are expected to fully comply with it. In addition, a copy will be posted throughout the Town of Granby.

Affirmative Action Policy Statement

As Town Manager of the Town of Granby, I recognize the need for Affirmative Action and I pledge my commitment to undertake positive actions to overcome the present effects of past practices or barriers to equal employment opportunity and to achieve the full and fair participation of minorities, women, people with disabilities, older persons, and all other protected groups found to be underutilized in the Town of Granby’s work force or affected by policies having an adverse impact. In the spirit of Executive Order 11, signed by Governor Ella Grasso November 21, 1975, and Executive Order 9, signed by Governor William A. O’Neill on January 3, 1984, I further state that this Town of Granby will comply with the anti-discrimination provisions of the state and federal laws and regulations listed at the end of this section.

I recognize the hiring difficulties experienced by minorities, people with disabilities and by many older persons and, where appropriate, I have set goals to overcome the present effects of past discrimination, if any, to achieve the full and fair utilization of such persons in the work force. I further pledge that the Town of Granby will affirmatively provide services and programs in a fair and impartial manner.

Where adverse impact is identified, the Town of Granby will: (1) review its personnel policies and procedures to ensure that barriers, which unnecessarily exclude protected classes and practices, which have an illegal
discriminatory impact, are identified and eliminated; (2) explore alternative approaches to employ minorities and members of protected classes; (3) administer all terms, conditions, privileges and benefits of the employment process in an equitable manner; and (4) establish procedures for the extra effort that may be necessary to ensure that the recruitment and hiring of protected group members reflect their availability in the job market.

It is the policy of the Town of Granby to provide equal employment opportunities without consideration of race, color, religion, age, sex, marital status, national origin, genetic information, past/present history of mental disability, ancestry, mental retardation, learning or physical disabilities including but, not limited to blindness, sexual orientation, political belief or criminal record, unless the provisions of Section 46a-60(b), 46a-80(b) and 46a-81(b) of the Connecticut General Statutes are controlling or there is a bona fide occupational qualification excluding persons in one of the above protected groups. This policy applies to all aspects of the employer/employee relationship including, but not limited to, recruitment, hiring, referrals, classifying, advertising, training, upgrading, promotion, benefits, compensation, discipline, layoff and terminations.

This policy statement will be given annually to all Town of Granby employees and will also be posted throughout the Town of Granby. I also expect each supplier, union, consultant and other entity (s) with which we do business to comply with all applicable State and Federal Equal Opportunity laws and regulations. Consideration of Connecticut Department of Transportation Grant Award

The State of Connecticut Department of Transportation requires a signed Maintenance of Effort Certification and Grant Assignment Certification for the State Matching Grant for Elderly and Disabled Demand Responsive Transportation for SFY 2023-2025. The Town of Granby has been awarded funding from this program since FY2006-07. The grant funding is combined with municipal dollars to employ Senior Van Drivers.

The Town of Granby operates three senior vans to transport seniors (60+) and disabled residents for medical and personal care appointments, grocery shopping, all senior center activities and community events. Transportation demands continue to be necessary for the senior population especially for medical and personal care appointments. During the COVID-19 pandemic Senior Transportation never ceased operation. The service proved essential to deliver meals and groceries and to provide rides to medical appointments.

The grant for SFY2022-25 is for $28,641 for each grant year. The grant match requires a 50% match that will be met by the current budget for Senior Van Services. No additional allocation is required.

I request that the Board vote to approve the State of Connecticut Department of Transportation grant award of $28,641. As in the past, a Board of Finance appropriation will be requested.

**PROPOSED MOTION** – To approve the State of Connecticut Department of Transportation grant award in the amount of $28,641 and to forward to the Board of Finance for appropriate budgetary approvals.

RE: VII. TOWN MANAGER REPORT

Tonight’s Town Manager report includes information I hope you find of interest. My staff and I are dedicated to working hard each day for the betterment of our community.

Library News
Our friends at Four Dads Pub are celebrating National Library Week with the Granby Libraries by offering 10% off food and drink orders when you show them your library card! Visit any time between March 30 and April 13 to enjoy great specials and good times. You may even see your favorite librarian there! Need a library card? Visit either branch with proof of ID and we'll set you up.

All ages are invited to participate in the Passport to Connecticut Libraries program during the month of April 2022. You may already know that your library card opens the world to you through books, audiobooks, music CDs, DVDs, streaming services, and databases. Now your library card provides a special welcome when you visit any of the nearly 140 Connecticut libraries participating in the Connecticut Library Association’s Passport to Connecticut Libraries program. To begin, visit Granby Public Library or F. H. Cossitt Library to pick up your Library Passport. Our friendly staff will stamp your passport and you'll receive a small gift. Then plan your trips to other participating libraries and begin your April adventures. Show your library card and passport at each library you visit, and the staff will stamp your passport and offer another small gift. There's more! Visit at least five participating libraries and return your passport by May 6, 2022, to be entered into a state-wide drawing.

Granby Center Project Update
Starting the week of April 4, the project contractors will be working on drainage in the center, which will involve cutting the pavement. There will be a traffic person controlling traffic. Also, people will see silt fence has been installed throughout the project area. Work on relocating the water line near the Stony Hill Village/Small World Day Care driveway was completed. The contractor will be setting new utility poles and once the poles are set, the utilities will begin shifting the overhead wires. Questions have come up about the Granby Road Race in May. This date has been communicated to DOT and their contractor and the Town has been assured the intersection work will not interfere with the race.

Communications Enhancement Update
We’ve been working on improving our communication with residents through the opt-in feature on the website. Users can subscribe to receive emails texts or both about meeting agendas and minutes, general news, alerts, and other topics. We plan to start sending more emails and texts to get people accustomed to receiving information in this format. Instructions on how to subscribe were included in the Town Manager’s article in the Drummer this month. Right now, we have about 870 unique subscribers and many have multiple subscriptions (3,700 total). Most of them are for Town News and Announcements. There hasn’t been a big increase in subscribers since the article was published, but we are going to keep working on getting people to subscribe. Some topics we are planning to email about include budget topics (the hearing and referendum), updates from the assessor’s office/tax programs, taxes, dog licenses and bridge updates.
Public Works Spring News
The grounds are quickly thawing, and our crew has been out trimming trees, perennials, raking out flower beds and repairing areas where winter damage has occurred. It won’t be long before the grass starts to grow, and sporting activities take over so we will be mindful of those activities. We are currently in desperate need of summer help to assist us complete all the necessary assignments. If you know of someone who might be interested in a summer position, please let me know!

Road projects are underway and one of the goals is to cut and replace sections of bituminous concrete along road edges where they are starting to break up. In many of these locations, you will see Call Before You Dig (CBYD) mark outs indicating where we will be doing road repairs, replacing basins or culverts. One of the biggest challenges this year is that pricing continues to be on the rise due to fuel costs which is causing us to cut back on scheduled improvements.

Despite the recent amount of precipitation, Hungary Road Bridge is moving along on schedule. For the most part all the concrete work is completed and weather permitting they will be paving soon. Moosehorns Bridge replacement has changed from a one-year project to a two-year project. Donahue will be going out to design later this year with replacement scheduled for 2023. Simsbury Road Bridge is still on the schedule for replacement in 2024. Additionally, we will need to hire an engineering firm to handle all bridge inspections of bridges under twenty feet in length as state no longer does it. Once inspections are complete, we will need to work on minor concrete repairs and scouring concerns.

Public Works will be hosting a Shredding event with the Granby Lions cub on May 21st at the Public works Department from 9:00AM until 12:00PM.

The first of our Household Hazardous Waste days will be in Farmington on April 23rd at 10 Monteith Drive (Farmington High School). June 11th there will also be a Household Hazardous Waste collection in Simsbury at 66 Town Forest Road.

One of our greatest concerns currently is the constant changing of material costs and the availability of them. Because of this dilemma, we continue to modify our scheduled summer projects.

Server Infrastructure Project Update
Our IT Consultant, Grey Matter, continues to work on the server infrastructure project. After delays in getting the equipment delivered, work began to update this critical technology for our town departments.

The new server has been assembled, installed, and licensed. Storage pools have been created to allow migration of virtual machines to the new physical host. We are currently working with Microsoft to resolve issues demoting very old 2003 vintage domain controller from the server environment. The current domain controller operating system (Microsoft Windows Server 2008r2) can’t be updated until we can forcefully remove the older server (Microsoft Windows Server 2003) from the domain environment.

All virtual servers are expected to be migrated to new environment the first week in April. The primary domain controller is expected to be upgraded to new a operating system by the end of next week. The physical host server is expected to be moved to server room located at PD within two weeks. This will allow for clean/conditioned air and a secure environment for the new host. Fiber connectivity between the Town Hall and PD allows for this change in topology to be transparent to end users. All files are being backed up both locally and in our secure encrypted cloud storage system which is monitored daily. The final step in the project upgrade will be to establish a new print management server and network file storage access for each department with priorities on network security and ease of access for end users. This will take place on a department-by-department basis and will be completed by the end of April.
Parks & Recreation
The Holcomb Farm STEAP grant project is progressing nicely. The bathroom project includes new men and women restrooms, a bridal suite and new hallway flooring. The walls have been constructed and sheet rocked. Flooring and fixtures are scheduled to be completed in the next couple of weeks. The project is on target to be completed by May 1st. Once the bathroom and bridal suite work is completed, phase two will focus on the farmhouse. We currently have an architect working on bid documents for needed repairs such as painting.

Spring and summer programs are now posted with many open for registration. There are currently over 80 program offerings online. These can be viewed at https://granbyct.myrec.com/info/activities/ It is important to recognize that the Parks & Recreation department is staffed by three employees. The number of offerings and participation level in town is exceptional by any standards, and most exceptional with our limited staff resources! Thank you to Kristine Vincent, Daphne Shinder and Terri Ziemnicki for all their hard work!

March saw the Department’s highest revenue numbers to date at over $110,000. It is important to note that this is revenue only, not profit. Most expenses will be realized in the next fiscal year (camp payroll, program instructor payments, etc.) This data shows that folks are eager to be back to what can be considered more normal activities and are excited to sign up for programs!

Assessor Updates
We continue to work on Revaluation this Spring. Some of the highlights of work include:

- Preparing Income and Expense Forms to be mailed to all commercial and industrial rental properties, apartment complexes, retail, and shopping complexes, etc.
- Continually recording and validating every Real Estate transaction and sale, both improved and unimproved properties, as a Qualified or Unqualified Sale.
- Preparing Data Mailers to verify interior information and construction detail to be mailed to every property owner.
- Analyzing all sales information, Income and Expense information and construction and building material costs.

The Assessor’s office also continues to work on Elderly and Totally Disabled tax benefit applications. After applications are received the office verifies income to determine eligibility. Those who qualify see this tax benefit on their July tax bills. Applications are accepted through May 15.

Human Services Department Update
There is currently an opening for the Senior Center Program Coordinator position. Recruitment efforts have been positive, and a top candidate is expected to be selected soon.

Coffee and Conversation with the First Selectman was a success! Happy to report that it filled to capacity. The session went for an hour and a half. Our Rosy the Riveter program filled and was moved to accommodate the 19 registrants. The presenter returns next week to present the Story of Alcatraz (also sold out). In addition to our programs filling up, there were 324 unduplicated individuals who participated in Senior Center activities in the month of March.

The Elderly/Disabled Renters Rebate program opens on April 1. Income qualified applicants receive a reimbursement for rental expenses based on a graduated income scale and amount of rent and utility payments made in the previous calendar year.
There have been 72 Energy Assistance applications processed so far in this heating season (closes May 1).

An anti-vaping campaign is being launched through the work of the Youth Action Council. Posters on the facts of vaping are being posted at the Middle and High Schools with an opportunity to take a quiz on the facts to win prizes. These prizes are funded through Local Prevention Council grant funds.
