Town of Granby Request for Proposals Lead Based Paint Testing and Risk Assessment Services Contract # 2020-06

1. Given our current house-bound environment, would it be possible for you to allow electronic submission of the proposal?

Answer: Yes. Please email the proposal to akenyon@granby-ct.gov by the deadline if it is not possible to mail.

2. I notice that you require the following insurance, Professional or Errors and Omissions insurance, that I do not carry. I have bid on other town programs that did have those requirements and I was allowed to send in proposals with-out those coverage. And was awarded most contracts anyway. Let me know if those coverage are absolute before I spent time working on a quote for you.

Answer: You can go ahead and submit the proposal. We will look at the insurance requirements in more detail.
